## Half Baked Pie Instructions

### Storing

Your Half Baked NY Style or Chicago Style Pie kit includes 4 two gallon freezer bags.

If you aren't planning to enjoy your Pie right away, cut into four equal portions and store each quarter in a freezer bag. Refrigerate or freeze.

\*Note: the NY Style pies are best if baked within 24 hours.

### Baking

1. Take Pie out of refrigeration AND remove from freezer bag. Bring to room temperature. Preheat oven to 350 degrees for both NY and Chicago Style pies.
2. Place marinara sauce on top of Chicago Style Pie.
3. Place on a cookie sheet or foil and bake on center rack 8-10 minutes for NY Style or 25-28 minutes for Chicago Style. Each oven is different. Remove when cheese "comes alive" and the crust is golden brown.
4. Enjoy!
